FROM: Laurence Ashley  
SUBJECT: ANALYTICAL RESULTS FROM AMERICAN CROSSARM  
AND CONDUIT, CHEHALIS  
DATE: June 8, 1982

State of  
Washington  
Department  
of Ecology

Three samples from the above subject were delivered to the laboratory May 20, 1982. The samples were collected May 4, 1982.

The results:

The soil sample was analyzed, but due to so much interferences, it has to be treated differently - results later.

Sample Pentachlorophenol (mg/l\_)

Condensate

Oly. #82-2314  
NWRO 82-5-747

11 ± 10%

Effluent Ditch (*Surface impoundment*)

Oly. #82-2315  
NWRO 82-5-748

55 ± 10%
